

REASON TO HOPE, INC.

Q1&Q2 2026 FINANCIAL SUMMARY

Stewardship

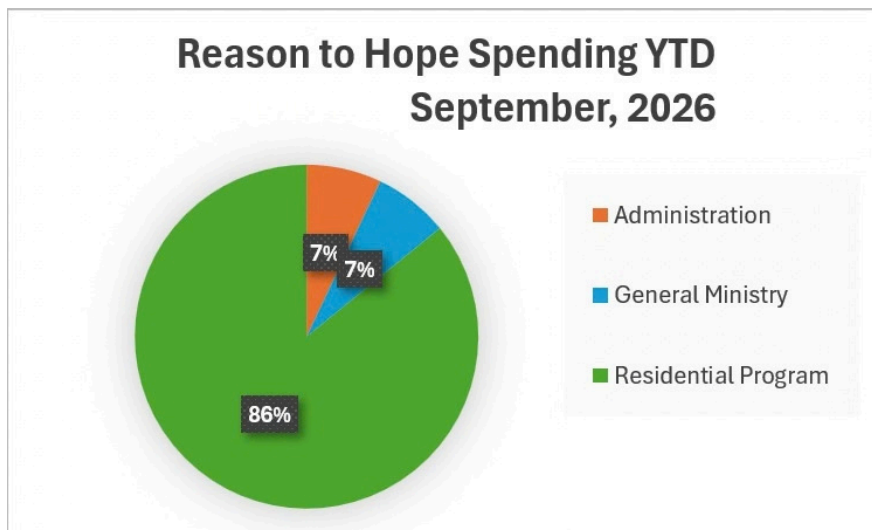

We are committed to responsible stewardship of every gift entrusted to us.

This includes careful budgeting, financial oversight, and transparent communication with our donors.

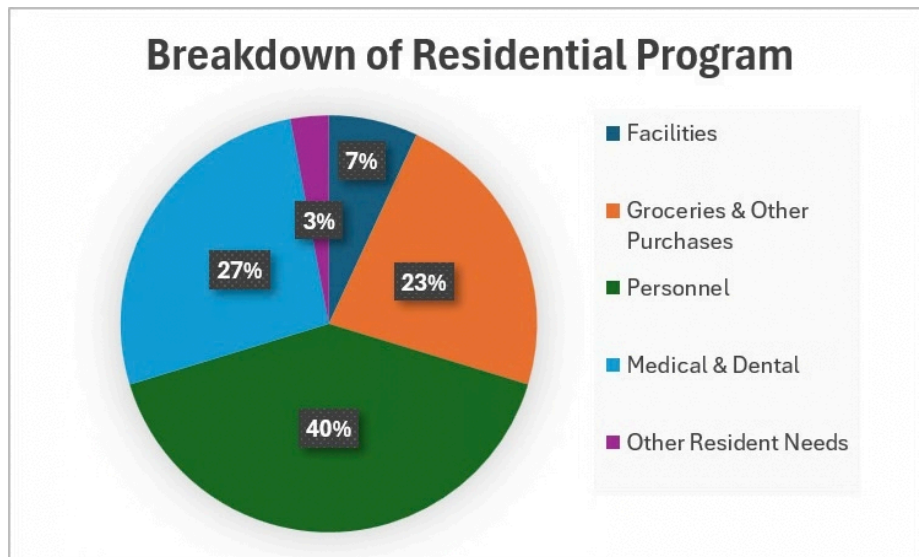

We believe solid financial stewardship is more than a good nonprofit practice--it is our Christian responsibility to faithfully care for what God has entrusted to us.

Operating Expenses

Every gift provides a safe home, compassionate care, and a life focused on independence and dignity for our residents. Your support of Reason to Hope enables us to provide not only daily care but long-term security for our residents.

The majority of your donations go directly to care for the 13 residents of our two homes. **Casa de Esperanza** (*Hope House*) houses 8 men, while **Hijas del Rey** (*Daughters of the King*) is home to 5 women.

The largest portion of our budget supports our Guatemalan team of caregivers, therapists and support staff. These people are not just employees; they are part of our families. Our Guatemalan staff members make our houses homes by providing consistent and compassionate care to our residents.

Revenue

Roughly 57% of Reason to Hope's income (\$5,308 per month) came from our consistent, monthly donors. The rest of our revenue came from cash reserves and special donations.

Our goal is to become sustainable by securing 100% of our regular operating budget from regular monthly and/or annual donations.

January-June	Amount
Regular donations	\$31,848
Special / one-time gifts	\$23,813
Total income	\$55,661

Income vs. Expenses

January-June	Amount
Total income	\$55,661
Total expenses	\$66,200
Net income/(deficit)	(\$10, 539)*

*This deficit has been covered by funds carried over from 2025. It reflects not only the increased cost of living in Guatemala this year, but includes some significant medical expenses incurred by our residents.
